September 2, 2014

Dear Goodwill® Customers:

In July, Goodwill Industries International (GII) announced that some Goodwill® member store locations may have been affected by a data security issue. These Goodwill's were using a common third-party vendor for payment processing. Since then, based on a third-party investigation and work with federal law enforcement agencies, it was determined that **our Northwest Texas Goodwill stores were not impacted and our customers should feel assured that their payment card information is not affected by this issue.**

The affected Goodwill members took immediate action to ensure the malware found on their third-party vendor's systems no longer presents a threat to individuals shopping at their Goodwill stores.

Our primary concern is for the people we serve — our community, our shoppers and our donors — and we are committed to ensuring that your information is safe and secure. If you have any questions or would like more information, please call toll-free at 1-800-GOODWILL. Attendants will be available to answer your questions 9 a.m.-9 p.m. on Saturdays; 10 a.m.-7 p.m. on Sundays; and 9 a.m.-9 p.m. on Mondays-Fridays Eastern time.

Sincerely,

Robin Y Raney, CEO
